Add product

[Add Product](#)

Product ID

5

Product name

Antibiotics

Product price

67

Product stock

103

Adding functions UI, allows user to add items with details

Welcome to PharmacyDB!					
<div>List Available ProductsAdd New Product</div>					
ID	NAME	PRICE	STOCK	DELETE	EDIT
3	Husku	134	124	Del	Edit
5	Antibiotics	67	103	Del	Edit

Listing function UI, displays all the items which has been added from the adding function above, allows user to check the names, prices and number in stock of the items. Also allows user to delete and edit items.

Welcome to PharmacyDB!					
<div>List Available ProductsAdd New Product</div>					
ID	NAME	PRICE	STOCK	DELETE	EDIT
5	Antibiotics	67	103	Del	Edit

The listing function UI after the Delete button is clicked. Clicking of Edit function will navigate user to the Adding function UI to change item's details.
