

# Task 5.2: Setup plan for Sprint

Team members :

- Thien Minh Phan – 100864086
- Ngoc Khanh Nguyen – 4957059
- Khanh Dinh – 101339475

After deciding on the backlog items for Sprint #1, our team has started to setup, plan for the basic tools for the project as well as tools to keep track of our work .

- Trello : We use this web-based tool to keep track of our backlog items, list of to-do tasks, list of tasks we are doing, the deadline for each task.

Based on Trello, we created a burndown chart using <https://www.burndownfortrello.com> to keep track of our working progress.

## 🔥 Charts - DP2

Finally, we created a new Github repository to manage our work, grant access for every team member so we can edit things anytime.
